

Montana State Parks COVID-19 Facilities Closure FAQs

As part of the statewide effort to reduce transmission of COVID-19, Montana State Park campgrounds will be closed starting on March 28th. All State Parks will remain open for day use recreation. Additionally, Visitor Centers and group use facilities, park playgrounds, fishing piers and some latrines will be impacted by the closure.

What Park Facilities are Closed?

All State Park campgrounds and lodging facilities are closed. This includes cabins, yurts, and tipis. Additionally, Visitor Centers and group use facilities, park playgrounds, fishing piers and some latrines will be closed.

What Services Are Available?

All Montana State Parks are open for day use recreation. Visitors are reminded to bring their own supplies when recreating on our state lands while practicing social distancing guidelines and adhering to Leave No Trace principals.

- Supplies should include hand sanitizer as it may not be available in all parks.

Programs and Events

All park events and programs have been cancelled until further notice.

Additional Information
